

This page is to help customers choose the right product for their needs and to understand the pricing for set up and take down. Canada Yard Pro will either supply lights for you (please see our price list for cost of lights), or put up your existing lights, LED lights only, we no longer install traditional glass lights. Clips will still be required at a low additional cost of \$8.99 per bag of 100.

***Note:** Canada Yard Pro has chosen to be the first Christmas Light Company to go Green. Therefore, we will no longer supply or set up traditional glass bulbs. Only energy efficient LED's can be used.
